Color Me Happy

Apart from being fun and entertaining, participating in arts and crafts activities has so many benefits. By engaging in these activities, residents are exercising hand-eye coordination, sharpening cognitive abilities, and many experience a boost in happiness and self-esteem. At Encore, residents thoroughly enjoy expressing their creative talents and engaging with others who are doing the same!

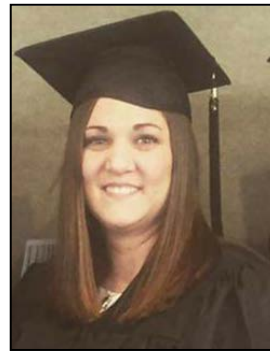

Mr. David Credeur

Resident of the Month

Mr. David has been here with us for four months in our therapy program. He enjoys playing bingo, trivia games and visiting with his family, staff and other residents. Thanks for choosing Encore, Mr. David!

With love, of course! Sending a big “thank you” to Mr. Curvis Credeur for his help in keeping our garden plants fresh and hydrated in the intense summer heat.

Music to our Ears

We were all ears when Retreat resident Mr. Whitewing spent the morning playing his guitar for his daughter while another resident joined him in song. It was an incredibly sweet moment, and we are grateful to be able to experience our resident’s wonderful creative talents such as Mr. Whitewing’s.

Our mission is to enable our residents to live life to its fullest, regardless of age or health, with compassion, understanding, respect, dignity, and caring support.
